ENTHUSIASTIC FOR A RAILROAD

Big Meeting Held in Canfield and Plans Made to Secure An Electric Line.

An immense crowd attended the electric railroad booster meeting of the Youngstown, Cornersburg and Canfield Improvement Association held Wednesday night in the Canfield M. E. Church. Early in the evening automobiles filled with enthusiastic boomers of the proposed electric railroad from Youngstown to Salem through Cornersburg and Canfield began arriving and before dark the streets surrounding the park were filled with automobiles and other vehicles. It was estimated that there were close to three hundred out-of-town automobiles here. The people came from all directions, showing their interest in the railroad movement. Salem sent a delegation of about 75 men, representing the Chamber of Commerce and the Board of Trade, and all enthusiastically favored the building of the proposed line. The Canfield Board of Trade which had thoroughly advertised the meeting was warmly commended on the success of its work. The Greenford corner band was here and for an hour before the meeting furnished excellent music in the park.

When the meeting was called to order by President U. F. Kistler every available seat in the church was occupied. W. L. Bryson favored the audience with a violin solo after which secretary E. H. Smith read the minutes of the last meeting.

Mayor J. E. Jones was introduced and after extending a most cordial welcome to the visitors set forth a few of the many reasons why the proposed railroad should be built. He was followed by attorney L. P. Metzger of Salem who expressed his pleasure in being present and seeing the great interest manifested in the building of a crosscut railroad from Salem to Youngstown. Arthur White, chairman of the committee appointed to wait upon the officials of the Mahoning Valley Railroad Co. to ascertain whether the company would be interested in building the road, reported that President Stevens was taking his vacation and could not be seen. Other officials of the company looked with favor upon the project. W. Jarvis Smith, president of the Canfield board of trade, was called upon and enthusiastically endorsed the enterprise and made it plain that the work of securing the road would be vigorously prosecuted until the desired end is accomplished. Encouraging talks were made by Rev. Wesley Brown and attorney Theodore Johnson of Youngstown, Rev. Father Carnahan and attorney K. L. Coburn of Salem and others.

A motion prevailed that a committee of fifteen men from the towns and townships touched by the proposed line be appointed to take such action as in their judgment is necessary to start a solid foundation on which to secure the road. The following gentlemen were named: W. Jarvis Smith, A. K. Osborn, Ford McGinnis, E. R. Lynn, C. C. Fowler, Canfield; W. D. King, K. L. Coburn, R. S. McCullough, Salem; Wesley Brown, Wm. Reese, G. W. Ryder, Wm. Bakody, Arthur White, Youngstown; C. D. Carr, Coshen; C. J. Rolley, Green. The committee will meet in the Chamber of Commerce rooms in Salem Saturday afternoon to formulate plans for action. The meeting adjourned to meet in Cornersburg Wednesday evening, August 19.

The Volunteer Fire Department served refreshments in the church dining room during the evening, realizing \$68, which, with cash contributions, makes \$117.55, which is the nucleus of a fund to be raised to erect a building in which to house the fire-fighting equipment.

BROWNLEE SEEKS A SECOND TERM

Deserves Re-Election as County Commissioner—Only "Farmer Member" of Board.

W. W. Brownlee, who seeks a second term as county commissioner, has proved during the years that he has been in office that the voters of Mahoning county made no mistake in electing him two years ago. As the only "farmer member" of the board of county commissioners, Mr. Brownlee has displayed a remarkable knowledge of the conditions throughout the county that has enabled him to give his fellow-commissioners valuable aid in solving problems pertaining to the rural districts, which comprise six-sevenths of the county geographically.

A life-long resident of Coltsville township, Mr. Brownlee early won the confidence of his neighbors and as his work extended over the rest of the county, the judgment thus formed of him by close acquaintance was confirmed by the wider circle of people whom he met. He has first-hand knowledge of the needs of the rural districts regarding roads, bridges, and the many "other phases" of the work of the commissioners.

Mr. Brownlee was nominated two years ago on the Republican ticket from a large field of candidates, receiving the highest vote of all the new candidates, and seeks once more the Republican nomination at the primaries, August 11. It has been a time-honored custom in the county to give an official a second term, when his work merits it, and Mr. Brownlee's record during his first term deserves this recognition at the hands of the voters.
